Nylon Muzzles
J0169 series nylon muzzles and J0170 series cat bags are 10% off in April.

Nylon Muzzle JorVet has an expanded line of high-quality water resistant nylon muzzles that have a side easy-release snap buckle. Available in a variety of sizes. Features:
- Safety. Muzzles fit securely with adjusting straps for a snug fit.
- Comfort. Lightweight nylon feels and looks more professional than gauze roll.
- Quality. Reinforced stitching to assure long-lasting use.

Feline Restaint Bags. These nylon bags are designed for proper restraint of frac-tious cats. They offer a 2-way zipper running full length over back for either front or rear access. Comes equipped with a quick-close velcro collar and front leg openings. Pull-tab zipper flap provides quick, fur-free closure. Washable/waterproof.

New Products

**Universal ‘F’ Flex Circuit**

The corrugated tubing of this unilimb circuit offers expandable and contraction capability. The clinician can determine the length of the hose needed for every surgery. Better positioning - the hose can be set at varying angles versus just standard straight on tubing. Excess tubing can be contracted and out of the way.

Includes right angle elbow with gas port.

**J0248XA** 72” expanded length to 21” contracted  $29.00

**J0248X** J0248XA with 2 liter bag  $29.00

Bone Binder

A great alternative – easy, intuitive, and fast...

Placing cerclage wire is a frustrating surgical procedure. They can break or loosen with time, plus are difficult to place securely. Cable ties are a simple and well known method of fixation. Their use in surgery has been limited because they have not been studied or approved as implants.

Braun/Aesculap has done extensive studying over time to demonstrate the safety of this product:

- Easy and fast application
- No loosening of Bone Binder
- No additional instruments
- Contains very fine radiographic markers
- Each box contains 5 packs of 2 (10 total)
- Sterile
- Consists of histo compatible, non-absorbable Polyamide 6.6

Three sizes:

Buster Premium Dog Collar

The greatest innovation in E-Collars since the original Buster collar.

The well known Buster collar is the original inexpensive E-Collar. This new premium collar greatly improves on the original design.

- No assembly required: slip over the patient’s head a Velcro closed securely.
- Designed with patient comfort in mind
- Soft neoprene collar with air holes is easily secured and adjusted.
- Fewer sizes

New Products

**Hoof Tite**

Hoof Tite is a superior, two part urethane, fast-set adhesive used to bond blocks to bovine hooves.

The revolutionary cartridge can be closed airtight and stored for later use. Simply re-insert the same dual chamber plug removed to add the mixing tip. There is NO cutting required to open the new cartridge system.

- 30 second fast set
- 200mL
- No curing
- Durable, commercial strength cartridge
- Dual chamber eliminates cross contamination
- No mixing
- Made in the USA
- Airtight storage
- Easy on and off cap
- No harmful odors
- One year shelf life
